

Teach-In & Expo 2015 Fair trade Ohio

Teach-In & Expo 2015 Fair trade Ohio, in October- November and December, we participated in Ohio in several Fair trade boutiques. HLHCS has a dream of peace, believes that Fair Trade is a tool to reach our aspirations alleviating local poverty and unemployment, sustain Palestinian handicraft traditions and to stop the emigration which is an element in our reality. The absence of any vision of hope for peace and freedom and the political pressures and restrictions on the free movement, push particularly young people to emigrate.
